

# THE GHALLAMORE CLEANSING DAEMON INCURSION ARMY LIST

ARMY SUB-CHAMPION: November Rain Version: v 3.1

This list aims to represent the forces of the daemon incursion known as the Ghallamore Cleansing of 975.M41. In style, it aims to provide a wholly daemonic force which does not include Chaos Space Marines, Chaos Cultists, or real-world created Daemon Engines, but which still functions as a usable list, including the ability to run both mono- and multi- god lists without needlessly handicapping the list.

The Ghallamore Cleansing Daemon Incursion army list has a Strategy Rating of 2. All Daemon Army formations have an initiative rating of 1+. The “Daemonic Assault” and “Instability” rules apply to all Daemon Army formations.

### Special Rule - Instability

The power of the Warp is fickle and unpredictable, even for those born of its seething currents. Any Daemon World formation that contains Lesser Daemons that fails an initiative test, for any reason, immediately receives 1D3 blastmarkers, rather than the usual 1. The formation may break if this causes them to have more Blast markers than units. Formations without Lesser Daemons are still subject to this rule though, in practice, it has no effect on them.

### Special Rule - Chaos Gate

Chaos Gates are breaches in the walls of reality that allow the forces of Chaos direct access from their foul realms. A Chaos Gate included in the army allows the Chaos player to pick up to three other formations, and keep them within the Warp instead of deploying them normally. Any formations that are kept within the Warp may enter play via the Chaos Gate, by taking an action that allows them to make a move, and then measuring their first move from the position that a Chaos Gate occupies on the tabletop. No more than one formation may travel through a Chaos Gate each turn.

### Special Rule – Daemonic Assault

Spilling from rents in the fabric of reality, a daemonic assault can come from any angle giving the defenders no possibility of forming a coherent defence. Before deployment, the daemon player may nominate up to two formations in their army per full thousand points to deploy by teleport. These formations may only enter play from the second turn and may only consist of formations made up wholly by **Infantry, Light Vehicles, or Armoured Vehicles with the Walker** ability.
